Food Safety Tips

- Everyone washes hands with soap & warm water.
- Clean and disinfect surfaces where you will be preparing food. *(Mix 1 teaspoon bleach with 1 quart of water for an inexpensive disinfectant.)*
- Keep cold foods a refrigerator or cooler.
- Always wash fresh fruits and vegetables, even if they will be peeled and cooked.
- Don't sneeze or cough near the food. Children with colds should be kept away from communal food.
- Use plastic knives with children. Young children need close supervision even with plastic knives.

Sample Quiz
